ENERGY STAR[®] Models Shown In blue.

Model numbers shown indicate Natural Gas as fuel source.

For Propane Gas, change "G" to "L" in model numbers (examples: 6 50 LBRT).

† Reliance 606 Series qualify for most Utility Rebate Programs.

Recovery values shown are rounded to nearest gallon and at a 90°F temperature rise.

Dimensions shown for height and diameter are in inches.

Reliance[®] Water Heater Company reserves the right to make product changes or improvements without prior notice.

616 ADVANTAGE provides premium features in a standard product:

- Higher Btu output means more hot water, faster
- Sediment reducing dip tube helps extend the life of the tank and ensure efficient heat transfer
- One year labor warranty
