†For complete information consult written warranty.

*Add "G" to end of model for top T&P configuration. Example: 6 30 EORT becomes 6 30 EORT G. **Side water connections. ^ΔConfigured for 120V AC power.

Models shipped from the factory with an insulation blanket have a "B" as the second to last character in the model number not counting the voltage designation letters K and E for compact models.

For example: 6 30 EOLBS, 6 30 EOMBS K, or 6 30 EOMBS E. Not all models have derivatives with factory supplied insulation blankets, see section of table above for models available with an insulation blankets.
